Effective Date: April 14, 2025

HITRUST Alliance Inc. (“HITRUST” or “Licensor”) hereby authorizes limited access to and use of the HITRUST CSF® to entities that are parties to a HITRUST MyCSF® Subscription Agreement, a HITRUST Authorized External Assessor Agreement, HITRUST CSF Readiness License Agreement, or other Qualified Organizations or Individuals who have agreed to the HITRUST® Website Terms of Use through execution of this License Agreement (each such party, a “Licensee”). The HITRUST MyCSF Subscription Agreement, HITRUST CSF Authorized External Assessor Agreement, HITRUST CSF Readiness License Agreement and the HITRUST Website Terms of Use are referred to herein collectively as the “Agreements.” By accessing or using any portion of the HITRUST CSF or checking the box at the end of this License Agreement, Licensee agrees to the terms of this HITRUST CSF License Agreement (the “License Agreement”). As used in this License Agreement, the “HITRUST CSF” means a partial version of the HITRUST CSF, a version which does not contain all the comprehensive requirements, and any other documents and materials contained within the download package. In the event of a conflict between one of the Agreements and this License Agreement, this License Agreement shall control. The Licensee may have access to and use the HITRUST CSF for its own internal business purposes as provided in this License Agreement, and as a condition to such use and access, the Licensee agrees to the following terms:

1. Licensee, Authorized Users. A Licensee must be a HITRUST Qualified Organization or Qualified Individual, which includes organizations and/or individuals employing a function or activity involving the use or disclosure of individually identifiable health information or individually identifiable personal information, provided such organization and/or individual does not provide security products or services of any kind or nature. Federal, state, and/or local governmental organizations or employees acting in an official capacity are Authorized Users.

The following is a non-exclusive list of persons or entities that are NOT HITRUST Qualified Organizations and/or HITRUST Qualified Individuals and shall not be permitted to be a Licensee or Affiliate under any circumstance:

- IT security service providers,
- IT security product providers,
- IT security consultants, and/or
- IT security vendors and suppliers.

You may NOT accept the terms and conditions of this License Agreement and access the HITRUST CSF or any portion thereof if you are not a HITRUST Qualified Organization and/or a HITRUST Qualified Individual. If a Licensee’s status as a HITRUST Qualified Organization and/or a HITRUST Qualified Individual is revoked or terminated, HITRUST may, in its sole and absolute discretion, terminate the License and revoke Licensee’s authorization to have downloaded and to utilize the HITRUST CSF.

The Licensee may authorize unlimited individual users, provided that each authorized user is a Qualified Individual and has a need to use the HITRUST CSF to provide internal services or perform internal functions for the Licensee, subject to this License Agreement (“Authorized Users”). The Licensee shall always maintain a list of all current and past Authorized Users. Authorized Users may include both employees of the Licensee or its Affiliates and their agents. All Authorized Users are subject to this License Agreement and Licensee shall not permit disclosure of an electronic or paper copy, in whole or part, of the HITRUST CSF, to any other person or entity.

Upon termination of an Authorized User’s authorization under this License Agreement for any reason, the Licensee shall (a) revoke the individual’s access to the HITRUST CSF, (b) remove any such electronic files from the individual’s possession and from all computers, systems, and devices to which the individual has access, and (c) remove any paper copies of the HITRUST CSF from the individual’s possession. In the case of a potential breach of this Agreement by one or more Authorized User(s), Licensee shall cooperate with HITRUST to identify the relevant user(s) and to remedy or remediate any breach. Licensee acknowledges that this may require sharing personal data about one or more Authorized User(s) with HITRUST and hereby acknowledges that it is responsible for getting proper consent as needed from potential Authorized Users to share such information with HITRUST prior to providing the proposed user access to the HITRUST CSF.

2. **Grant of License.** Subject to compliance with the terms and conditions of this License Agreement, Licensor hereby grants to Licensee, and Licensee accepts from Licensor, a limited, non-exclusive, non-transferable, and non-assignable right and license (the “License”) to access portions of the HITRUST CSF in PDF form for: (i) internal educational and/or internal information sharing purposes only, (ii) for the sole use of the Licensee, and/or (iii) by any wholly-owned subsidiaries of Licensee that have been previously identified and approved in writing to HITRUST (each, an “Affiliate”). Licensee agrees that it shall not use, or attempt to use, the HITRUST CSF for any other purpose, including but not limited to any external disclosure or use with any Licensee customers, vendors, or partners.
3. **License Fee.** There shall be no fee for the License provided herein.
4. **Delivery of HITRUST CSF.** During the term of this License Agreement, HITRUST shall make portions of the HITRUST CSF available to Licensee for delivery by the Internet from the server(s) on which the HITRUST CSF is hosted. HITRUST is not responsible for ensuring the Licensee’s computer and systems are compatible with the HITRUST CSF or that Licensee is able to access the HITRUST CSF. HITRUST makes no representation or warranty to Licensee.
5. **HITRUST CSF Ownership.** All title and intellectual property rights and interest in and to the HITRUST CSF, including but not limited to any text, images, photographs, animations, video, and audio incorporated into it, and any copies of any of the foregoing that a Licensee is expressly permitted to make herein, are and continue to be solely owned by HITRUST or its suppliers. The HITRUST CSF includes valuable, proprietary, and confidential information, compilations, methods, techniques, procedures, and processes not generally known, which can only be obtained from HITRUST. HITRUST

has implemented reasonable protections for the HITRUST CSF, including but not limited to the terms of this License Agreement, to prevent its unauthorized disclosure or use.

Licensee acknowledges and affirms HITRUST's ownership and exclusive right, title and interest in the HITRUST CSF and all of its component parts. Licensee agrees that neither it nor any Affiliate or Authorized User (defined below) will attack or impair, directly or indirectly, any of HITRUST's rights in the HITRUST CSF or any portion thereof, or any of HITRUST's prior or subsequent registrations or applications for registration of any mark, copyright or patent arising out of or relating to any portion of the HITRUST CSF.

6. Licensor may, in its sole discretion, update the HITRUST CSF, by which Licensee would be entitled to the updated version of the HITRUST CSF, in which case such updates shall be deemed to be included in the HITRUST CSF and governed by this License Agreement as such unless HITRUST expressly notifies the Licensee that any such Update or Updates are provided under other licensing terms.
7. Prohibited Activities and Uses of HITRUST CSF. Any use of the HITRUST CSF not expressly permitted by this License Agreement is strictly prohibited. In particular, and without limitation, the Licensee shall NOT do any of the following:
 - Provide or otherwise allow the disclosure of an electronic or paper copy, in whole or part, of the HITRUST CSF or any data contained therein that is not owned by Licensee, to any individual or entity that is not a duly authorized Licensee or Authorized User.
 - Use the HITRUST CSF, in whole or part, to provide analyses, assessments, services or products of any kind to any other person or entity, except an Affiliate.
 - Store or otherwise maintain the HITRUST CSF, in whole or part, in any medium including, without limitation, any cloud service, storage provider, or other electronic database.
 - Create any Derivative Work, based in whole or part on any portion of the HITRUST CSF, without Licensor's express prior written consent. "Derivative Work" as used herein shall mean any service, software program or other work, and copies thereof, which are developed by Licensee, or its Affiliates, and which are based on or incorporate any part of the HITRUST CSF, including without limitation any modification, enhancement, translation, compilation, expansion, or any other form in which the HITRUST CSF may be recast or adapted, and that, if prepared without HITRUST's authorization, would constitute an infringement or violation of HITRUST's rights.

These prohibitions shall not apply to: Any information, compilation, method, technique, procedure, or process included in the HITRUST CSF that (a) is or has become public knowledge, by publication or other public disclosure, through no action or omission of the Licensee under this License Agreement; (b) was verifiably known to the Licensee prior to the date of entry into this License Agreement; (c) was independently developed by the Licensee without use of the HITRUST CSF; or (d) was lawfully obtained by the Licensee from a third party who was in lawful possession of it and had the right to provide it to Licensee.

8. No Interference with Intellectual Property Protections. Under no circumstances shall any Licensee or other entity or individual subject to this License Agreement disable any digital rights protections or remove, modify, interfere with, or obscure any copyright,

trademark or other proprietary rights and notices that apply to, appear on, or included in the HITRUST CSF.

9. Upon Licensor's request, an officer of the Licensee shall promptly certify in writing to Licensor that the Licensee and all Affiliates are in full compliance with the terms and conditions of this License Agreement.
10. Export Compliance. The information that HITRUST makes available under this License Agreement, and any derivatives thereof, may be subject to export laws and regulations of the United States and other jurisdictions. Each party represents that neither it nor any of its owners, directors or officers is named on any U.S. government denied-party list. You shall not permit Authorized Users to access or use any Service or Content in a U.S.-embargoed country or in violation of any U.S. export law or regulation.
11. Defense of Infringement and Misappropriation Claims.
 1. Notice and Cure. In the event that HITRUST receives notice that the HITRUST CSF, or any component of the HITRUST CSF, may infringe any copyright, trademark, patent, or constitute a misappropriation of a trade secret, HITRUST may, at its sole discretion:
 1. Procure for the Licensee the right to continue using the potentially or allegedly infringing or misappropriated component; or
 2. Modify the HITRUST CSF to provide, or substitute, materially equivalent functioning or a materially functional equivalent which does not infringe and/or is not misappropriated in which case the Licensee shall immediately stop using the allegedly infringing or misappropriated component and shall cooperate with HITRUST in implementing use of the functional substitute.

HITRUST will defend the Licensee against any claims by an unaffiliated third party that any component of the HITRUST CSF infringes any copyright, trademark or patent or misappropriates any trade secret, including but not limited to an action for injunctive relief based on such a claim; on the condition precedent that the Licensee gives HITRUST prompt written notice of such claim, gives HITRUST sole control over its defense or settlement (except that HITRUST may not settle any such claim against Licensee unless it unconditionally releases Licensee of all liability), and provides HITRUST with reasonable assistance and cooperation in such defense. Defense to any other claims shall not be provided, and issues relating to defense coverage shall be resolved in the sole and absolute discretion of HITRUST.
 3. Limitation of Duty to Defend. HITRUST shall have no obligation to defend the Licensee against any claim:

 2. That relates to any use or disclosure of any portion of the HITRUST CSF, in whole or in part, in breach of any term of this License Agreement; or
 3. For any trade secret claim that arises from the Licensee acquiring the trade secret through improper means, under conditions giving rise to a duty to

maintain its secrecy or limit its use, or from a person other than Licensee who owed the party asserting the claim a duty to maintain the secrecy or limit the use of the trade secret.

4. Exclusive Remedy. The rights and remedies stated in this Section 11 state Licensor's entire liability and the sole and exclusive remedy of Licensee and its Affiliates with respect to any claim of infringement or misappropriation of the intellectual property rights of any third party, whether arising under statutory or common law or otherwise.
