“HITRUST CSF Tools” means the HITRUST CSF and related materials HITRUST deems necessary for an authorized external assessor to perform assurance engagements assessing the information protection program of organizations in accordance with the HITRUST Assurance Program. HITRUST CSF Tools may include, but not be limited to, Information Protection Control Specifications, a Standards and Regulations Mapping Device, Assessment and Reporting Tools, Implementation Manual, and a Readiness Assessment Tool.

“HITRUST CSF Submission” means the electronic submission to HITRUST of an object containing complete, accurate factual findings from a HITRUST CSF Assessment delivered by an Authorized HITRUST External Assessor via HITRUST CSF Tools.

“Requirements and Procedures” means the HITRUST CSF Assessor Requirements, the HITRUST Risk Analysis Guide, the HITRUST CSF Assessment Methodology outlined in the HITRUST Training for HITRUST CSF Practitioners program, the HITRUST CSF Assurance Program Requirements, the HITRUST CSF Assessment Methodology, the HITRUST CSF Assurance Program Documentation Requirements, the Evaluating Control Maturity Using the HITRUST Approach whitepaper, and the CSF Assurance & Implementation Bulletins; all of which are hereby incorporated

by reference as if set forth in full herein, and any and all amendments, restatements, modifications or replacements of any of the foregoing after the Effective Date.

I. HITRUST REVIEW AND REPORTING

(a) ***Validation and Certification Process.*** For review and evaluation, HITRUST will accept materials submitted by the Participant's External Assessor via a HITRUST CSF Submission. Upon receipt of the Participant's HITRUST CSF Submission, as delivered by the Participant's External Assessor, HITRUST shall subject the HITRUST CSF Submission to initial check-in procedures. If the check-in procedures are completed successfully, the HITRUST CSF Submission will undergo quality assurance procedures and HITRUST will either (a) reject the submission based on concerns raised during the quality assurance review, (b) issue a Validated HITRUST CSF Report, or (c) issue both a Validated HITRUST CSF Report with Certification and a National Institute of Standards and Technology (NIST) Cybersecurity Report (hereinafter collectively known as "***Report***"). The Report will represent only that the Participant has provided the Participant Information (defined below) on which the Report is based; that External Assessor has submitted its methods and findings as stated; and that the compliance status announced in the Report (e.g., HITRUST "Validated," "Certified," etc.) ("***Compliance Status***") results from applying these components to the compliance criteria established in the HITRUST CSF.

(b) ***Independent Review.*** In order to perform a quality assurance review, in response to any circumstances which may arise during the effective dates of any HITRUST CSF Certified Report ("***Certified Report***"), or as a result of questions or concerns raised during HITRUST's quality assurance review, HITRUST may deem an independent evaluation necessary to validate External Assessor's findings, the underlying information provided by Participant on which the findings are based ("***Participant Information***"), or whether External Assessor actually followed the methods stated. If such review is deemed necessary, the Participant will cooperate with HITRUST in the performance of the review.

(c) ***Effective Date. Certified Report:*** If the Participant meets the criteria for issuance of a HITRUST Certified Report, the report will be effective for either: (a) a one ("1") year term for a HITRUST e1 or i1 submission; or (b) a two ("2") year term for a HITRUST r2 submission ("***Term***") after its issuance, unless earlier suspended, revoked, or terminated. In addition, the following two conditions must be met to continue the Term of an R2 Certified Report: (1) an interim report must be performed and completed one year after the issuance of the Certified Report; and (2) satisfactory progress must be made on any/all Corrective Action Plan(s). HITRUST may contact the Participant regarding any questions or issues with respect to the interim report and/or the status update on any Corrective Action Plan. Participant shall cooperate with HITRUST and respond to any reasonable requests. ***Validated Report:*** If the Participant does not meet the criteria for a Certified Report, HITRUST will issue a Validated Report which is a point in time report which includes no extended effective date.

(d) ***No Assurances of a Favorable Compliance Status.*** HITRUST makes no guarantee it will issue a Certified Report, or that a Compliance Status will be as favorable as Participant desires.

(e) ***Rejections of HITRUST CSF Submissions.*** If in HITRUST's sole discretion, the Participant's HITRUST CSF Submission is deemed not of proper quality or quantity to allow sufficient quality assurance, HITRUST may work with the External Assessor and Participant to attempt to cure the insufficiencies or an extension of time to obtain a validated

report. Participant acknowledges that the External Assessor is a third party, and HITRUST is not responsible for any delays or rejection of submissions relating to evidence submitted and/or testing provided by Participant and/or the External Assessor. HITRUST may also, at HITRUST's sole discretion, reject HITRUST CSF Submissions based on quality and/or compliance issues identified during HITRUST's quality assurance review. Upon rejection of a HITRUST CSF Submission, HITRUST will identify the items (e.g., omissions, issues, External Assessor's nonadherence to HITRUST Requirements and Procedures) which led to the rejection and will specify the remedial actions that must be performed by the Participant and/or External Assessor—up to and including External Assessor's reperformance of some or all validated assessment procedures. At HITRUST's sole discretion and dependent on the nature and volume of quality issues noted during HITRUST's quality assurance review process, HITRUST may convert a rejected HITRUST CSF Submission object within HITRUST CSF Tools to a read-only state and specify that the Participant and an External Assessor prepare a new HITRUST CSF Submission.

III. PARTICIPANT'S RESPONSIBILITIES.

As conditions of continued HITRUST Compliance Status during the Term, Participant must comply strictly with the following responsibilities:

(a) ***Participant Information Must Be Complete, Truthful, and Accurate.*** Participant Information provided to External Assessor and to HITRUST must be complete, truthful, and accurate. Participant shall be solely responsible for any findings, methods, or Compliance Status resulting wholly or partly from faulty Participant Information submitted to HITRUST. HITRUST has the right to audit Participant's systems at least once during any Certified Report period, if applicable. If this review turns up additional abnormalities, a further review may be undertaken by HITRUST.

(b) ***HITRUST CSF Subscription and Continuous Monitoring.*** As a condition of participation in the HITRUST CSF Assurance Program, Participant shall obtain a license to use the HITRUST CSF, available at no charge through the HITRUST website. In addition, Participant shall continuously monitor its systems and procedures to ensure effective privacy, security, and ongoing compliance with the HITRUST CSF, as applicable, including without limitation (i) documenting any significant changes in business practices or procedures that may impact privacy, if applicable, or security, and (ii) keeping privacy as applicable, security and corrective action plans updated to reflect changes in Participant's systems or posture. All changes in security or privacy, if applicable, procedures must be reported to the External Assessor and/or HITRUST during the interim review.

(c) ***Prompt Reporting of Event(s).*** Subject to any legal or contractual restrictions applicable to Participant, Participant shall promptly advise External Assessor and HITRUST of (i) any adverse deviation or departure from the information contained in the HITRUST MyCSF Questionnaire as previously reported to External Assessor or HITRUST; (ii) any attempted breach for which the investigation has been open or ongoing for sixty (60) days or confirmed breaches (*as defined below*) of privacy, if applicable, or security; (iii) any changes in its systems or procedures; (iv) acquisitions or divestitures which affect its systems or; (v) any other event which may reasonably call into question Participant's continued compliance with the HITRUST CSF as announced in the issued Report or which leads to unauthorized access to the Participant's system or data housed therein (any of which being an "***Event***"). HITRUST will determine the impact and significance of the Event. Actual unauthorized

access to a system will be deemed to suspend the Participant's Compliance Status automatically. References to Participant's "systems or procedures" shall be deemed to include only those Participant systems and/or procedures referenced in the Report. HITRUST may review any Event to understand its potential impact on the Participant's Compliance Status. As part of this process, HITRUST may request additional information to help clarify the situation, and the Participant agrees to work collaboratively with HITRUST to support that review, at the Participant's discretion and in accordance with its internal and external requirements. (***Breach, for use in this Agreement, means an incident in which sensitive, protected, or confidential data is copied, transmitted, viewed, stolen, used, disclosed, or accessed in an unauthorized fashion and/or by an individual unauthorized to do so through the system that is identified above as the Scope for this Agreement. Compliance Status, for use in this Agreement, means the systems under the coverage of this Agreement and any other Participation Agreement(s) executed by this Participant where controls at play in the breach were inherited.***)

(d) ***"Safe Harbor" for Reporting Gaps in the HITRUST CSF.*** HITRUST is committed to the continual improvement of the HITRUST CSF and related materials and recognizes that entities being assessed in accordance with the HITRUST CSF may be a valuable source of information for the HITRUST CSF's improvement. Participant is therefore encouraged to identify "gaps" in the HITRUST CSF or other means for its improvement and to report those to HITRUST. Reports which identify such "gaps" or otherwise suggest means of improving the HITRUST CSF, as opposed to Events as described above, will not jeopardize Participant's Compliance Status.

IV. RESTRICTIONS ON USE OF REPORT OR HITRUST MARKS.

(a) ***Use Only in Term, While in Compliance.*** Participant may only publicize, market, or otherwise promote its HITRUST Compliance Status during the Term, and only provided that (i) Participant has materially complied with its obligations under this Agreement, (ii) its Compliance Status has not been suspended, downgraded, or withdrawn; and (iii) no Event has occurred. Upon request, Participant will certify to HITRUST in writing that these conditions continue to be met.

(b) ***Full Copies of Report.*** If Participant chooses to provide access to the Report to a third-party, Participant must provide a full copy of the Report, or the letter verifying the status of the Report. Information from an interim assessment may only be shared in accordance with HITRUST policy. The Participant may require such third party to hold the Report in confidence.

(c) ***No Alterations.*** Participant shall not edit, alter or modify, including, but not limited to truncating, the Report in any way, including without limitation removing, reducing, modifying, or obscuring any proprietary legends, trademarks, restrictions, or disclaimers which HITRUST may attach.

(d) ***No Misrepresentation to Third Parties.*** Participant shall not misrepresent to any person or entity the level, effective dates, extent, or other material aspects of its HITRUST Compliance Status and/or the scope of the assessment/certification.

V. FEES.

Fees for HITRUST's services will be charged according to the pricing indicated by the HITRUST Sales Team. A separate fee will be charged for each HITRUST CSF Submission which HITRUST is asked to subject to quality assurance procedures and potentially issue a Validated HITRUST CSF Report. Participant will be responsible for those fees upon execution of this Agreement. Payment is not contingent upon whether a Participant receives a Validated Report, Validated and Certified Report, or no report at all. All payments will be considered final when the assessment information is submitted to HITRUST.

VI. EXCLUSIVE OWNERSHIP OF THE HITRUST CSF.

Participant acknowledges HITRUST's sole and exclusive right, title, and interest in and to the HITRUST CSF and all related documentation, together with all changes, deletions, additions, translations, or derivatives to it made by any party. Participant agrees that any and all rights in or to inventions, discoveries, revisions, or derivatives arising out of or related to the HITRUST CSF or related documentation, and all rights to license, market or otherwise develop or dispose of the HITRUST CSF or related documentation, are and shall be the exclusive property of HITRUST. Participant agrees not to challenge or contest the validity or enforceability of HITRUST's intellectual property rights in the HITRUST CSF or related documentation, now or as it may be amended in the future. This commitment is of the essence of this Agreement and will survive its termination or expiration.

The Parties agree to hold all such Confidential Information in strictest trust and confidence, and not to use or disclose this information except as permitted under this Agreement or with the other party's express prior consent. The Receiving Party will not use any Confidential Information of the Disclosing Party for any purpose outside the scope of this Agreement, and except as otherwise authorized by the Disclosing Party in writing.
