

HITRUST Information Security Continuous Monitoring (ISCM) Working Group (WG) Member Qualifying Questionnaire

Introduction

The HITRUST ISCM Working Group (WG) is being created to support the development and implementation of the HITRUST CSF OC Program by providing expert guidance on ISCM and ongoing authorization (OA) of information systems and technology in their operational environment.

Purpose

HITRUST ISCM WG Members will subsequently advise and make recommendations to HITRUST on the design and implementation of the HITRUST CSF OC Program. Such recommendations may include but are not limited to minimum ISCM program requirements and associated HITRUST CSF® control language, minimum HITRUST CSF control monitoring frequencies, ISCM and OA reporting requirements, continuous assessment (CA) criteria and reporting requirements, event-driven OC triggers/thresholds and recommended courses of action (COA), and time-driven OC criteria and associated frequencies

Membership

The HITRUST ISCM WG will consist of no less than nine (9) and no more than twelve (12) subject matter experts (SMEs) from industry and/or government, none of whom may work for HITRUST. Membership shall be based on one's professional expertise in ISCM and OA, and such expertise shall be demonstrated to the satisfaction of the HITRUST Sponsor by the Member's resume and this questionnaire. The HITRUST Sponsor may appoint up to four (4) additional HITRUST Members, other than the HITRUST Sponsor and Co-chair, to sit on the HITRUST ISCM WG, participate in discussions, help formulate recommendations, and generally support the objective(s) of the WG.

HITRUST ISCM WG Members must be approved by the HITRUST Sponsor. Once approved, Members may serve on the WG for a period of two years, until their earlier resignation, or they are no longer able to fulfill their duties. The HITRUST Sponsor shall have the authority, in his/her sole and absolute discretion, to remove any Member of the HITRUST ISCM WG at any time for any reason.
